**BANK OF NAPLES INSTALLS TATTOOWALL MURAL OF THE NAPLES  
PIER AT HEADQUARTERS AND MAIN OFFICE ON TAMiami TRAIL**

**NAPLES, FL.** June 15 – Bank of Naples, a locally owned and operated community bank, has become one of the first businesses in Southwest Florida to install a Tattoowall mural. The mural in the bank’s main office depicts sunset over the Naples Pier and recognizes the bank’s extensive roots in the community, serving local residents and business owners.

Tattoowall is a trademark application whereby quality digital art and photography is utilized in a mural technique to cover interior or exterior wall surfaces and ceilings. This artistic application shows no visible joint lines and can be installed onto surface variations of up to a quarter of an inch. The Naples Pier mural was applied as part of a recent certification course offered by Kerri Meehan, President of Expression of Art, LLC.

“We are delighted to be among the first showcases in Southwest Florida for the Tattoowall application,” said Robert Guididas, President and Chief Executive Officer of Bank of Naples. “What better way to depict our ties to the community than the Naples Pier? As a locally owned and operated bank, Bank of Naples is uniquely positioned to serve the needs of the community, particularly during these difficult economic times.”

The application of the mural coincides with an ongoing renovation of the Bank of Naples building. Construction crews will install a completely new facade on the 36,000-square-foot, four-story building. Crews also will relocate the bank’s existing drive-thru building located on the west side of the site and affix it to the south side of the building. Work began on the project last month and is anticipated to be complete by the end of summer.

Established in 2000, Bank of Naples serves the personal and commercial banking needs of local residents and businesses within Naples and the surrounding communities in
